

## Model TA-900 Product Affixing System

### Overview:

The TA-900 Product Affixing System is a complete turnkey solution for your product tipping/affixing needs.

Place and affix products like plastic cards, magnets, CDs, business cards, folded inserts, calendars and pads to a variety of carrier pieces.

Our flexible design allows you to incorporate a number of specialty options such as plow folding, tabbing, ink jetting and label application. The advanced servo motor technology provides unmatched speed and accuracy.

### Applications:

- Gift cards onto a hanging backer
- Promotional documents onto magazines
- Folded documents onto cartons/boxes
- Embossed credit cards onto folded/unfolded paper carriers
