Streamfeeder® PRODUCT LINE

Let us show you how automation can increase productivity

"Automating our Fulfillment and Packaging would give us a new profit center."

We Have Your Solution.™

Thiele Technologies' Streamfeeder product line offers automation solutions to the commercial printing, contract packaging, and mailing & fulfillment industries. Whether it's a single feeder or a complete integrated system, we take the confusion out of solving your production automation challenges for the best value.

INTRODUCING OUR LATEST PRODUCT OFFERINGS

Packaging Solutions

LX-12
Packaging Series Streamfeeder

NEW!

The new LX-12 is packed with unique features that make it the best value in the marketplace today! Versatility and ease of use allows the 12" wide entry-level LX-12 to feed a wide variety of products (flat and multi-thickness) on demand, one at a time or in batch sets up to 99 pieces. Ideal for shrink wrappers, poly baggers, banders, collators, inserters, case packers, boxes, and more.

MX-14
Packaging Series Streamfeeder

NEW!

Our new, affordable MX-14 includes many features that help increase productivity. Versatility and ease of use allows the 14" wide mid-level MX-14 to feed a wide variety of products (flat and multi-thickness) on demand, one at a time or in batch sets up to 999 pieces. Ideal for shrink wrappers, poly baggers, banders, collators, inserters, case packers, boxes, and more.

Batch Counting Solutions

R3700EX-BT
Batching Tray Streamfeeder

NEW!

Replace manual counting, spearing, and weighing with the new R3700EX-BT Streamfeeder! Versatility and ease of use makes this the perfect semi-automatic batch counting feeder system to feed products at the demand and pace of the operator. Batch sets of products up to 3" total stack height.

R3700EX-Dropper
Batch Counting Streamfeeder

NEW!

The R3700EX-Dropper can feed, count, and dispense products neatly for finishing up to 3" tall stacks. Tool-less, quick make-ready adjustments and versatility makes it the perfect fully-automatic batch counting feeder system for use with shrink wrappers, poly baggers, banders, and more.
